PROFESSIONAL EXPERIENCE

Touch Point Manager (Cash Till) | Primark | Dubai, United Arab Emirates | 2026 - Present

• Lead, develop, and motivate a team of 55+ colleagues, strengthening engagement, productivity, accountability, and service standards.

• Oversee daily Touch Point and cash operations, ensuring accurate cash handling, transaction compliance, and loss prevention controls.

• Support sales by keeping checkout operations efficient, reducing queues, and aligning cashier deployment with customer demand during peak trading.

• Monitor operational KPIs, staffing allocation, and service performance; use results to improve coverage and effectiveness.

• Drive customer experience initiatives and resolve escalations while maintaining brand standards and customer satisfaction.

• Coach, train, and performance-manage colleagues; partner with senior management, Asset Protection, and support teams on compliance and risk mitigation.

• Support promotional activity, day-to-day decisions, operational planning, and continuous process improvement.

Assistant Merchandiser | Victoria's Secret International | Dubai, United Arab Emirates | 2025 - 2026

• Supported seasonal product assortment planning and merchandising execution aligned with brand and market needs.

• Collaborated with planning, buying, visual, logistics, supplier, and store teams to coordinate launches and product availability.

• Monitored stock, sales performance, sell-through, and product lifecycle; prepared reports to support business decisions.

• Assisted with demand forecasting using historical data and market trends; supported promotional and clearance strategies.

• Introduced a market-wide FIFO stock rotation guideline, trained stores, and monitored adherence to reduce aged inventory and stock loss risk.

PROFESSIONAL EXPERIENCE

Merch Flow & Visual Merchandiser Supervisor | Victoria's Secret International | Beirut, Lebanon & Dubai, UAE | 2017 - 2025

• Created and executed visual displays and seasonal themes aligned with brand guidelines and marketing campaigns; display work contributed to a 15% increase in store traffic.

• Designed and installed window displays that contributed to a 10% increase in foot traffic.

• Supervised and developed a team of 10+ associates and trained junior visual merchandisers across store locations.

• Managed merchandise receipt, storage, distribution, and replenishment, supporting accurate stock flow and product availability.

• Streamlined merchandising processes, reducing stock discrepancies by 20%; analyzed sales and inventory data to forecast demand and optimize stock.

• Coordinated with marketing, suppliers, warehouse teams, and store managers; resolved inventory, delivery, and damaged-goods issues.

• Ensured merchandising activities met company policies and safety requirements; partnered with customer service to address customer inquiries.

Assistant Information Technology Support | AUL Arts, Sciences & Technology University | Lebanon

• Provided daily technical support to 200+ end users across hardware, software, and network issues, achieving 95% user support satisfaction.

• Diagnosed issues and improved troubleshooting procedures, reducing average resolution time by 20%.

• Installed and configured software and hardware; supported deployment of 50+ workstations.

• Assisted with system maintenance, updates, patches, backups, and infrastructure administration.

• Created support documentation and weekly performance reports; delivered user training that improved competency and reduced repeat requests.

EDUCATION

• MBA, Project and Operations Management | October 2026
