Dear Hiring Manager,

I am writing to express my interest in a suitable opportunity within your retail operations, store leadership, or merchandising team. I bring broad retail experience across customer service, team leadership, cash operations, visual merchandising, and inventory management, with a strong record of supporting business performance in fast-paced retail environments.

In my current role as Touch Point Manager at Primark in Dubai, I lead a team of more than 55 colleagues and oversee daily front-end and cash operations. I focus on developing colleagues, maintaining service and compliance standards, and organizing staffing effectively during busy trading periods. By supporting efficient checkout operations, reducing queues, and resolving customer concerns promptly, I help deliver a positive shopping experience and support the store's sales objectives.

Previously, as a Merch Flow and Visual Merchandiser Supervisor with Victoria's Secret International, I supervised a team of more than 10 colleagues and supported merchandising operations across Beirut and Dubai. My work included improving stock flow, maintaining visual standards, and coordinating promotional activity. I also introduced a FIFO stock rotation guideline across the market and helped reduce stock discrepancies by 20%. Earlier visual merchandising work contributed to increases in store traffic through effective displays and seasonal presentations.

I combine practical store leadership with analytical and operational skills, including KPI monitoring, workforce planning, cash and POS operations, inventory control, and cross-functional collaboration. I am confident that I can contribute to strong customer experiences, capable teams, and consistent retail execution.

Thank you for considering my application. I would welcome the opportunity to discuss how my experience could support your team and business objectives.

Kind regards,

Mohammad Al-Labban
